SUBJECT- SCIENCE

Q1) Choose one healthy food item and write its recipe. List all the ingredients used. Also, mention the approximate amount of carbohydrates, proteins, vitamins, and fats it provides.
Q2) Given fibre names (cotton, jute, nylon, silk), categorize into Natural and Synthetic.
Q3)Who Moves How? Match objects (car, fan, clock hand, pendulum) to type of motion (linear, circular, periodic).

Q4) Give two examples:
1) Beverages -
2) Spices -
3) Pulses -
4) Cereals -

Q5) Case based question.
Read the paragraph and answer the following questions.

Riya and her family visited a village fair during their summer vacation. At one of the stalls, they saw women spinning cotton into yarn using a spinning wheel called charkha. Riya was curious and asked the woman about the process. The woman explained how they first get cotton from cotton plants, then separate the fibres using a process called ginning, and finally spin the cotton to make yarn. Riya also saw colourful fabrics made from silk and wool in nearby stalls.

1. From which part of the plant do we get cotton fibres?
2. What is the name of the process of separating cotton fibres from seeds?
3. What is the role of a spinning wheel (charkha) in making fabric?
4. Name any two animal fibres mentioned in the case.
5. Arrange the following steps in the correct order:
a) Spinning
b) Ginning

c) Weaving
d) Harvesting cotton

Q6) Explain the steps involved in making fabric from fibre.

Q7) Why is the measuring tape used by tailors not made of elastic material?

Q8) Explain the three different modes of transportation.

Q9) Define measurement. Why is it important?

Q10) A student measures the length of a table using his hand span. Another student uses a ruler. Whose measurement is more accurate and why?

SUBJECT-ENGLISH

Note - Do this work in separate note book .

Passage

The city of Ahmedabad is famous for its beautiful parks and gardens. One such park is the Law Garden, which is a popular spot for families and children. The park has a variety of plants and trees, and a small lake where people can feed the ducks. There are also playgrounds for kids and walking paths for those who want to take a stroll.

The park is well-maintained and clean, making it a pleasant place to visit. Many people come here to relax, exercise, or simply enjoy nature. The park also hosts cultural events and festivals, which attract a large crowd.

Visiting Law Garden is a great way to spend a Sunday afternoon. You can pack a picnic, play games, or just sit and enjoy the scenery. The park is a perfect place to connect with nature and spend quality time with family and friends.
